

# CBI Brussels Community

## Brussels Community

The Brussels' Community aims to unite professionals and champions across businesses from different sectors, sizes, and regions, operating across Europe. Facilitated by the CBI, the Community's focus will be on bringing together CBI's members based in Brussels to shape CBI's engagement with EU policy making and to drive UK growth opportunities across Europe.

The community will be built on three core pillars:

- The CBI's size and cross-sectoral reach – facilitating collaboration between different businesses and achieving solutions across sectors.
- Influence in policy-making – sharing concerns and creating concrete solutions, helping inform CBI's position on EU affairs.
- Top-level expertise – learning from industry leaders and policy experts.

## Who is the community for?

Whether you are based in Brussels, you are actively engaging with EU policy, or you have a business presence in Europe, then this Community of like-minded professionals aiming for growth is valuable for you.

## What will you gain by joining the community?

The Community will enable you to connect, learn from and solve problems together with professionals from a wide range of industries, firm sizes, and regions.

By being a member of the Community, you will gain:

- Access to an exclusive community of British Business partners based in Brussels.
- Safe and confidential environment to share your challenges and be controversial.
- Exclusive insight and expertise on the latest EU policy developments.
- Solutions to current challenges faced by your business, particularly when it comes to EU-UK trade.
- Opportunity to help inform and shape CBI's engagement with EU policy making and input into BusinessEurope.
- Exclusive access to key EU and UK stakeholders.
- Insight into EU policy and UK legislation impacting the UK-EU trading relationship.

## What does being a member look like?

Here are some of the services that the Community might offer:

- Attend in person and virtual events to bring like-minded business partners together and share expertise, and to hear from key EU and UK stakeholders.
- Learn from peers, solve challenges, and aim for growth together.
- Engage with decision-makers as part of a one strong voice, spanning cross-sector expertise.

## How do I get involved?

To sign up to the community contact Emily Ritchey.
